

Cottey College

Drug and Alcohol Abuse Prevention Program August 2018

Prepared by Jeanna Brauer, LCSW, Coordinator of Counseling
Approved by Mari Anne Phillips, Ed.D., Vice President for Student Life
Jann Weitzel, Ph.D., President of Cottey College

The following information is provided annually to every employee and student of Cottey College to promote healthy and safe lifestyles free of the abuse of alcohol, tobacco, and other legal and illegal drugs and in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 as articulated in the Education Department General Administrative Regulations Part 86. Policies in this notice are available at [Drug and Alcohol Abuse Prevention Program](#), and in hard copy at the Student Life Center, Hinkhouse, second floor and the Office of Human Resources, Main Hall, first floor.

COTTEY COLLEGE DRUG AND ALCOHOL PREVENTION PROGRAM

The mission of the Cottey College Drug and Alcohol Prevention Program is to promote healthy and safe lifestyles free of the abuse of alcohol, tobacco, and other legal and illegal drugs. The Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 require an institution of higher education, as a condition of receiving funds or any other form of financial assistance under any federal program, to certify that it has adopted and implemented a program to prevent the unlawful possession, use, manufacture or distribution of illicit drugs and alcohol by students and employees. As part of its drug and alcohol prevention program for students and employees, every student and employee of Cottey College shall receive an e-mail copy of the program annually. Hard copies of the prevention program can be obtained from the Office of Student Life or the Human Resources Office. Any questions regarding the prevention program should be directed to those offices as well. The College also prepares a Biennial Review of the Drug and Alcohol Program that reviews the effectiveness of prevention programs and the enforcement of campus policies related to drug and alcohol use. It is emailed to all members of the campus community, and is available at <http://www.cottey.edu/campus-community/student-life-center/counseling-services/reports/>

STANDARDS OF CONDUCT

The College has a policy of maintaining a drug-free campus/workplace environment. The unlawful manufacture, distribution, possession or use of illicit drugs and alcohol by **students or employees** is prohibited on College property (including cars on campus) and in conjunction with College activities. Except as provided for in the Use of Cottey College Facilities section found below.

Alcohol (Cottey College Student Handbook)

Possession of alcoholic beverages of any kind by students is prohibited on College property including cars and B.I.L. Hill and Lodge and in conjunction with College activities (with the exception of the international trip consistent with the laws of the country being visited). Students found in violation of this policy through the consumption, possession, or distribution of alcohol are subject to campus disciplinary action. The College administration may also involve local law enforcement or emergency agencies in situations involving alcohol whenever deemed appropriate. Examples of these types of situations include students or guests who refuse or fail to comply with orders or directives of College officials when asked to forfeit suspicious beverages, who become disruptive due to alcohol consumption, and who are obviously intoxicated to the point that they present a clear and present danger to themselves or others. Pursuant to the Family Educational Rights and Privacy Act of 1974 (FERPA), the College may notify the parents of students under the age of 21 who are alleged to be in violation of this policy. The College may contact parents prior to any disciplinary hearing and is not required to inform students of the notification. The vice president for student life will maintain a record of any parental disclosures that will be provided to the student involved, upon request.

The possession of empty alcohol containers (including passdown bottles) is prohibited, and students will be subject to disciplinary action.

Possession, consumption, or distribution of alcoholic beverages (or empty containers) on any part of the campus including student vehicles is a Major Violation, subject to the Major Violation Grievance Procedure.

The College has a policy of maintaining a drug-free campus/workplace environment. The unlawful manufacture, distribution, possession or use of illicit drugs and alcohol by **students or employees** is prohibited on College property (including cars on campus) and in conjunction with College activities. Except as provided for in the Use of Cottey College Facilities section found below.

Drugs (Cottey College Student Handbook)

Illicit and synthetic drugs (i.e., possession, use, or distribution of controlled substances without a doctor's prescription) are prohibited on campus. Possession of drug paraphernalia, including hookahs, is also prohibited. Anyone found guilty of violating this regulation may be dismissed from campus. Those found

responsible for selling drugs will be dismissed. Use, possession, sale, manufacture, or distribution of any drug (or drug paraphernalia) in either refined or crude form, including synthetic substances, unless under the direction of a licensed physician or as expressly permitted by law, is a Major Violation subject to the Major Violation Grievance Procedure. As a matter of policy, the College also notifies and involves local law enforcement authorities in all situations where a violation of Missouri or federal laws governing controlled substances appears to have occurred. Pursuant to FERPA, the College may also notify the parents of students under the age of 21 who are alleged to be in violation of this policy. The College may contact parents prior to any disciplinary hearing and is not required to inform students of the notification. The vice president for student life will maintain a record of any parental disclosures that will be provided to the student involved upon request.

Medical Amnesty and Good Samaritan Policy Relating to Alcohol and Drugs (Cottey College Student Handbook)

Because Cottey College considers student health and safety of the utmost importance:

- No student seeking emergency medical treatment for the abuse of alcohol or drugs or assisting another student in obtaining such treatment will be subject to College sanctions punitive in nature.
- Student(s) seeking medical amnesty will be required to attend a substance abuse education session or assessment.
- Students(s) acting as a Good Samaritan may be required to attend a substance abuse education session or assessment.
- Serious and/or repeated incidents will prompt a higher degree of concern and response and may include other sanctions at the discretion of the vice president for student life.

Drugs and Alcohol (Employee Manual)

The unlawful possession, use or distribution of illicit drugs and alcohol by employees is prohibited on College property and in conjunction with College activities, whether on or off campus.

Penalties for violation of local, state, federal, drug, and alcohol laws may include fines and imprisonment. Violators are also subject to disciplinary action, up to and including unpaid suspension and termination from employment. Violations will generally be reported to the appropriate law enforcement officials.

Pursuant to the Drug-Free Workplace Act of 1988, employees must notify the director of human resources in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction.

Except as provided herein, the serving of alcoholic beverages on College property with students present is strictly prohibited. Violation of this policy may result in disciplinary action up to and including unpaid suspension or termination. A College employee who is enrolled in classes on campus is not regarded as a "student" in terms of this policy, so long as his/her primary relationship with the College is as an employee and is of legal age to drink alcoholic beverages.

With the exception of B.I.L. Hill Lodge and private residential houses owned by the College, the serving or consumption of alcoholic beverages on College-owned property is prohibited under any circumstances. With respect to B.I.L. Hill Lodge, non-student College employees (as qualified above) may, with written permission of the administration of the College, serve wine or beer while using the facility. When wine or beer is served or consumed, the event organizer assumes the responsibility for assuring compliance with local and state laws concerning the consumption of alcoholic beverages. Under no circumstances shall any alcohol be served to or consumed by minors or others showing evidence of intoxication.

Employees coming to work apparently under the influence of alcohol or illegal drugs are subject to immediate drug and/or alcohol testing and/or dismissal.

DISCIPLINARY SANCTIONS

The College will impose disciplinary sanctions on students and employees who violate the above standards of conduct. Among the disciplinary sanctions which may be imposed on students are: reprimand, disciplinary probation, loss of privileges, financial penalties, creative sanctions (including community service and/or research paper), disciplinary dismissal, and referral for prosecution. Among the disciplinary sanctions which may be imposed on employees are: oral warning, written reprimand, suspension, termination and referral for prosecution. The College may require students and employees to satisfactorily complete an appropriate rehabilitation or assistance program.

Furthermore, any violation of local, state and federal laws in conjunction with a College sponsored or student organization activity constitutes a violation of College policy. Violations of policy could result not only in disciplinary action against the individual(s) involved, but also in suspension or loss of College registration.

Employees must abide by the College's drug-free policy as a condition of employment and must notify the director of human resources in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five calendar days after such conviction.

For students receiving a Pell grant, the Department of Education will impose additional sanctions. To receive a Pell grant, a student must certify that she will not engage in the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance at all times during the period covered by her Pell grant. Even if the student is off campus, away for the weekend, or on a school break, the student has agreed to be drug-free from the first day of classes to the last day of classes for the enrollment period.

A Pell grant recipient convicted of a criminal drug offense resulting from a violation occurring during the period of enrollment covered by the Pell grant must report the conviction, in writing, within ten calendar days of the conviction, to the Director, Grants and Contracts Service, U.S. Department of Education.

If the Department determines that the reported conviction constitutes a violation of the Requirements for Drug-Free Workplace regulations, the Pell grant recipient will be subject to suspension of payments under the grant, suspension or termination of the grant, or suspension or debarment. If debarred, the student will be ineligible for award of any grant from any federal agency for a period of up to five years.

Failure of a Pell grant recipient to report the conviction constitutes a violation of these regulations and is subject to suspension of payments under the grant, suspension or termination of the grant, or suspension or debarment.

USE OF COTTEY COLLEGE FACILITIES

Except as provided herein, the serving of alcoholic beverages on College property with students present is strictly prohibited. College employees who are enrolled in classes on campus are not regarded as "students" in terms of this policy, so long as they are employed on at least a half-time basis and are of legal age to drink alcoholic beverages.

With the exception of B.I.L. Hill Lodge and private residential houses owned by the College, the serving or consumption of alcoholic beverages on College owned property is prohibited under any circumstances. With respect to B.I.L. Hill Lodge, of age College employees, guests, and non-student College employees (as qualified above) may, with written permission of the administration of the College, serve and be served wine or beer while using that facility. When wine or beer is served or consumed, the event organizer assumes the responsibility for assuring compliance with local and state laws concerning the consumption of alcoholic beverages. Under no circumstances shall any alcohol be served to or consumed by minors or others showing evidence of intoxication.

Groups or individuals not members of the Cottey College community who rent facilities of Cottey College will assume complete legal responsibility for their activities with the understanding that in no case will any alcoholic beverage be served or consumed in any facility with the exception of B.I.L. Hill Lodge and any

alcoholic beverages served there will be restricted to either wine or beer. Under no circumstances shall any alcohol be served to or consumed by minors or others showing evidence of intoxication.

DESCRIPTION OF LOCAL, STATE AND FEDERAL LEGAL SANCTIONS

In addition to the disciplinary sanctions described above for violation of the College's Standards of Conduct regarding drugs and alcohol, there are a variety of applicable local, state, and federal legal sanctions as well. Those sanctions are described below.

DESCRIPTION OF SERVICES

ALCOHOL/DRUG ABUSE TREATMENT PROGRAM

Counseling Office, Student Life Center, 2nd Floor Hinkhouse, ext. 2157

The purpose of the Alcohol/Drug Abuse Treatment Program is to promote early identification and intervention and provide a constructive and supportive means of assistance to students who are dependent upon or chronically abusing alcohol or other drugs. It is part of the "Student Assistance Program" which is administered through the Counseling Office. Through the Student Assistance Program, students are provided with an initial assessment with a qualified mental health professional, which will include recommendations for further intervention, if needed.

Alcohol/Drug Abuse Counseling for "Enablers"

Persons with alcohol or other drug abuse problems affect the lives of others, particularly family and friends. Family, friends or suitemates of an alcohol or other drug abuser may try to deny that there is a problem or, if the problem is recognized, "cover" for the individual due to personal affection or a misplaced sense of loyalty. Unfortunately, this "enabling" process does nothing but perpetuate the abuse problem. The process frequently leads to emotional distress because the abuse of alcohol or other drugs continue (or may exacerbate), yet enablers either do not know how or are unwilling to take the necessary steps to force the abuser to deal with his/her problem. Through the Counseling Office in the Student Life Center, confidential counseling is available for students who believe they may have become enablers.

EMPLOYEE ASSISTANCE PROGRAM

Human Resources Office, Main Hall, Ext. 2103

The Office of Human Resources administers the Employee Assistance Program. To help employees balance home and work, Cottey provides an Employee Assistance Program to assist with workplace conflicts, interpersonal difficulties, marriage and family concerns, stress management, financial matters, and alcohol and drug problems. Participation is optional and confidential. Under certain circumstances participation may be required as a condition of continued employment.

DESCRIPTION OF HEALTH RISKS

Below are web sites regarding the health risks generally associated with drug and alcohol use and abuse. This is meant to provide an overview, and any additional questions regarding this information should be directed to health services or the counseling office at Cottey College.

The following charts summarize the health risks for each prohibited class of substances: narcotics, depressants, stimulants, hallucinogens, cannabis, alcohol, and tobacco. The Controlled Substance Act (CSA) is the federal US drug policy under which the manufacture, importation, possession, use and distribution of certain substances is regulated. This federal legislation created five Schedules (classifications). A substance is given a classification based on the following criteria, potential for abuse, current accepted medical use in the United States, and international treaties.

Schedule I substances are those that have the following findings:

- A. The drug or other substance has a high potential for abuse.
- B. The drug or other substance has no currently accepted medical use in treatment in the United States.
- C. There is a lack of accepted safety for use of the drug or other substance under medical supervision.

Schedule II substances are those that have the following findings:

- A. The drug or other substances have a high potential for abuse
- B. The drug or other substances have currently accepted medical use in treatment in the United States, or currently accepted medical use with severe restrictions
- C. Abuse of the drug or other substances may lead to severe psychological or physical dependence.

Schedule III substances are those that have the following findings:

- A. The drug or other substance has a potential for abuse less than the drugs or other substances in schedules I and II.
- B. The drug or other substance has a currently accepted medical use in treatment in the United States.
- C. Abuse of the drug or other substance may lead to moderate or low physical dependence or high psychological dependence.

Schedule IV substances are those that have the following findings:

- A. The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule III
- B. The drug or other substance has a currently accepted medical use in treatment in the United States
- C. Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule III.

Schedule V substances are those that have the following findings:

- A. The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule IV
- B. The drug or other substance has a currently accepted medical use in treatment in the United States
- C. Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule IV.
