### **i** Information on SMS text messaging and Short Codes:

SMS stands for Short Message Service and is commonly referred to as a "text message". Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers. If you've ever sent a text vote for a TV show to a number like 46999, you have used short code texting.

**\*Terms and Conditions** – Message frequency varies. Standard message and data rates may apply. Reply HELP for help. Text STOP to cancel. Cotley College is not liable for delayed or undeliverable messages. See [schoolmessenger.com/td](http://schoolmessenger.com/td) for more info.
