

CREATORS OF INCREDIBLE FUTURES

Incredible Opportunity

Cottey College offers the next generation of women leaders more educational tools and learning opportunities than ever before through a challenging curriculum and a dynamic campus experience. The Cottey experience helps students understand who they are, how to lead, and how to work with others while supporting personal growth and development. This experience is reinforced by a close-knit, supportive community that helps students succeed at every level.

Cottey College degree programs provide students with the opportunity to pursue their academic interests in a challenging, yet supportive environment. Course-related internships, international travel, and study-abroad opportunities give Cottey students the chance to hone and develop their problem-solving skills, flexibility, and creativity while pursuing their academic interests and passions.

We have academic programs that allow students to earn Bachelor of Arts degrees, Bachelor of Science degrees, and associate degrees. Our dedication to a course of liberal arts education emphasizes how critical thinking and effective communication are essential for success.

A variety of College scholarship opportunities and P.E.O. funding support allows students to focus on their academic pursuits rather than financial burden. Cottey was ranked as the #1 Best Midwest Regional College, the #1 Best Value School in the Midwest Region, and further recognized for social mobility, proportion of international students, and low-debt at time of graduation in the 2021 rankings by *U.S. News & World Report*.

With all of these incredible opportunities embedded in the Cottey experience, our students are ready to face the world. We prepare women to succeed no matter what career awaits them, and we provide a foundation that is based solidly in an education that encourages investigation, promotes confidence, and inspires vision.

“I am gaining experiences that I would have waited years for at a larger college.”

Mariana Middents
Class of 2021
Houston, Texas

Incredible Community

Students bring their unique perspectives when they arrive at Cottey College. These students come from different countries, cultures, and segments of society and bring with them a variety of life experiences. In Cottey's nurturing and supportive environment, students learn what it means to be citizens of a local community and of the world. No one ever changed the world by following the status quo. It is a mindset that begins with confronting the difficult questions and challenging the way things are. At Cottey, we continue to evolve our programs to fit the demanding, ever-changing needs of our students.

The Cottey community is diverse, inclusive, and vibrant. Mutual respect and consideration, coupled with an awareness of and sensitivity to the needs of others, is the standard of Cottey's society and the suite life experience. Students have the opportunity to increase communication skills, sharpen negotiation abilities, and develop lifelong friendships with women from across the country and around the world.

Nationally recognized for activities that engage and retain students, we encourage the community at Cottey to participate in clubs and organizations that interest them whether their passions are academic or athletic in nature, lean toward cultural or recreational pursuits, involve social activism, or center around religion or service activities. Students find ways to be involved and stay involved as they create, build, and support the Cottey community together.

"I absolutely love that everyone from any background has a place at Cottey."

Sheyenne Matosich, Class of 2022
Manhattan, Montana

Spread the Word: Cottey is Incredible!

P.E.O. referrals are an important part of building our future classes. Consider submitting a referral today!

You might not know a college-bound woman, but P.E.O.s do a wonderful job of talking about Cottey College. Contact us today for more information about promoting Cottey in your local community. For all you do, thank you for helping create **Incredible Futures!**

Find out more information, take a virtual tour of the College in English or in Spanish, or see a video about referring students to Cottey College at cottey.edu.

Incredible Connections

Virginia Alice Cottey founded her school in 1884 to offer young women a quality education. After leading the school for over 40 years, she bequeathed Cottey College to the P.E.O. Sisterhood, thus launching an amazing relationship between a women's organization and a women's college. Both institutions understand that associations made up of women are important to women and appreciate the power and the promise of a community of women respecting, believing in, caring for, and supporting one another.

Cottey College has so much to celebrate, and the P.E.O. Sisterhood, the owners of Cottey College, has much about which to rejoice. Our connections are incredible, indeed!
