The Ross Memorial Library is a dynamic learning environment. We are dedicated to helping students study, create, and socialize. We have all the resources you need for research, including a helpful and knowledgeable staff. Our reservable study room setups range from single to conference, including an eat-in study lounge, a Wii, and plenty of couches!

The library is also proud to offer resources to make your own original content. Our Content Creation Zone gives you access to cameras, microphones, green screens, and editing software for making any kind of digital content that you like.
