

COTTEY Chronicle

September 22, 2023

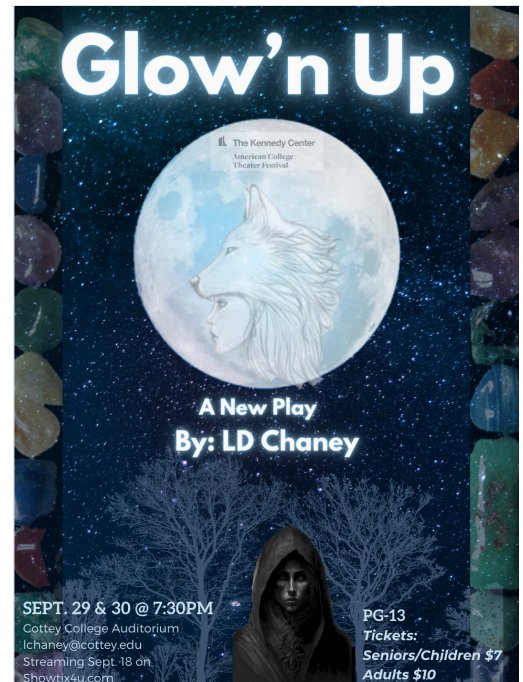

Robin Conner

The annual On-Campus Flu and COVID-19 Vaccination Clinics will be held Wednesday, October 18 and Thursday, October 26 in the Student Wellness Center. The Vernon County Health Department is hopeful they'll get new guidelines for the newest COVID-19 booster next week (Sept 18-22). The COVID-19 vaccination will no longer be provided by the state and will now be up to the individual insurance plans and coverage. Once the new guidelines are shared with Cottey's Health Services Department, we will begin to market and take appointments for our on-campus clinics.

Laura Chaney

Cottey Theatre presents, "Glow'n Up," a new play by LD Chaney and directed by alum, River Evans. The play will perform for family weekend, September 29 & 30 at 7:30 PM in the Center for the Arts Auditorium and streaming on showtix4u.com. In-person tickets are free for everyone with donations accepted. Rated PG-13.

Synopsis: Astrid is attending a women's college with hopes of becoming the next pop-punk star. It is the week of Halloween, and her band is playing the annual Halloween Dance. The night before the dance she convinces her four best friends to attend a Wiccan ritual under the full, blue moon in hopes of having all their wishes granted. The spell goes awry, and the five students find themselves transformed and facing their worst fears and inner monsters. Astrid and her friends must find a way to reverse the spell before the dance and take a hard look at what they really want and who they must become to fulfill their dreams. Sometimes wishes do come true, but they are not what we imagined.

Show Your Spirit Fridays!

Starting April 7th, all faculty, staff, and commuters can buy discounted lunch for only **\$6.00** in Raney every Friday with Spirit Wear!

April Mosher

Don't forget to visit Raney for lunch and get a meal for \$6.00 with Cottey Spirit wear EVERY FRIDAY! We started this discount program last spring and have enjoyed participating in Spirit Fridays.

Sarah Polo

On September 15, Dr. Sarah Polo attended a workshop from the Council of Writing Program Administrators titled “AI and Writing Programs: Issues for Program Coordinators.”
